INTERVIEW WITH MIKE GOODES

Q. What are your plans for tomorrow?

MIKE GOODES: Well, I didn't know how anybody stood, to be honest. I just tried to make some birdies and made a bogey, but that's all right, I played good today. I've just got a couple holes I need to finish tomorrow, I've got 20 more holes to play. I need to play good.

Q. Weather laid down a bit for how long here at the end?

MIKE GOODES: Well, I played the last two holes, maybe three holes, that's the reason I was trying to finish that 16th hole, because it was dead calm. I hit a perfect drive and just kind of butchered it up after that from about 90 yards. But no, the weather turned out to be great this afternoon

Q. Supposed to pick back up again tomorrow?

MIKE GOODES: I don't know, is it?

Q. Actually, I don't know.

MIKE GOODES: I thought it was a little less than it has been, low 60s. Not too bad compared to what we've been playing in.

Q. See some low scores maybe tomorrow?

MIKE GOODES: No question with the weather, I think you saw this afternoon they got better, didn't they, than

they did yesterday or this morning when it was cold and windy, too. So yeah, you get the wind laying down, there's too many good ball strikers and putters and they're going to make a lot of birdies.
